MY RAILWAY INTERESTS ARE

DO YOU HAVE AN O GAUGE LAYOUT? YES  NO  BEING BUILT   
ANALOGUE  DCC  STEAM/CLOCKWORK  FINESCALE   
COURSE SCALE  SCALE SEVEN  NARROW GAUGE  3-RAIL

Membership is £40.00 for adults and £10.00 for Juniors. On receipt of your application we will advise you how to make your payment.

If applying by post please return this form to CSGOG, David Churchill  
5 Cannon Hill Gardens, Colehill, Wimborne BH21 2TA (01202 887703).

Junior members must always be accompanied by a responsible adult.

The Central Southern Gauge O Group (CSGOG) meets during the evening of the second Wednesday of each month at the Allendale Centre, Hanham Road, Wimborne BH21 1AS. The Minster Hall is put to good use as the large test track, which is quickly erected, needs a lot of room. The test track can accommodate most O gauge stock, from fine-scale, course scale, 3 rail, narrow gauge, analogue and DCC etc.

Members bring along their O gauge models to run, or sometimes they just need to seek advice from other more experienced modellers on a possible problem they might be facing with their model. These models can vary tremendously, from a simple coal wagon, made up from a plastic kit, to a sophisticated locomotive hand crafted in metal and other materials. All usually boast a high degree of detail and authenticity.

Early steam locos from the 19th century, right up to the end of steam in the mid 1960s can be seen. Diesels too have their place amongst the membership and again models appear of early types to modern classes witnessed on today's railways.

Nowadays there is an increasing availability of ready-to-run (RTR) stock available to purchase from specialist suppliers, sometimes at quite reasonable prices. We are pleased to note this is stimulating a new interest in the hobby and in particular this scale of railway modelling.

Some evenings we hold film shows or hold quiz nights. But one thing that is constant is a mid evening break for a cuppa and a good natter.

We are always pleased to see any new faces at our meetings, where you will be given a warm welcome from a friendly like minded group of modellers.

For further details of the Group visit [www.csgog.org](http://www.csgog.org)
